# A key factor in the Democrat-Communist manifesto includes violent crime occurring everywhere so Americans beg for more police-state nanny government to save them

Tags: chaos, civil unrest, communism, crime, crime rates, crime reports, Crybullies, dc democrats, democrat communism, fbi crime, FBI lies, murders, rapes, revolt, robberies, traitors, Tyranny, uprising, violence

If you are wondering why so many criminals in the United States have been getting away with crimes the past four years, it's because the Democrat-Communist government wants it that way. If it doesn't make sense to you that criminals these days don't even have to post bail after committing horrendous crimes, and then when they do go to court, they just get a slap on the wrist, and are set free to commit more crimes, that's because the Democrat politicians want it that way. Why?

The more crime that happens in the nation, the more the populace screams for their Big Brother government to “save” them from it, meaning more watchdog cameras everywhere, fewer privacy laws, more gun confiscation legislation to disempower the people. Get it?

That, folks, is the core reason crime rates are skyrocketing in the USA over the past 4 years, while the Democrat politicians lie to cover it up during their “re-election” campaign. Have no doubts, those crime rates will continue to skyrocket, especially if they win in November and keep the borders wide open for millions more criminals to enter our country.

The Democrat politicians often claim that most Republicans and Conservatives who support Trump are “MAGA” extremists, but MAGA is the main slogan for the Right, and is a positive message. What if Conservatives were running the country right now, and we all referred to Democrats as “Way Forward” extremists, or the “Turn the Page” Domestic Terrorists? After all, crime rates in the Democrat-run metropolitan cities are worse than anywhere else, and worse now than ever before.

## **Violent crime rates have skyrocketed under the Biden/Harris Communist Regime, but it's quietly covered up during the election cycle**

The heat is on, as Kamala “Bag-full-of-rocks-for-a-brain” Harris tries to lie through her teeth and claim America is just fine and needs four more years of the same, and we are just weeks away from saving America by expunging the communists from office. The FBI, the [Federal Bureau of Insidiousness](#), is deeply embedded in staging, propagating and covering up violent crime across the nation. Most Americans just simply can't wrap their heads around it.

It just got exposed that the FBI “found” (which means lied, covered them up, and then had to admit it when caught) thousands of violent crimes in order to make the statistics look better for the head Dem-Commies running for reelection. These covered up violent crimes committed include robberies, aggravated assaults, rapes and murders.

Yes, the numbers of violent crimes the Democrats and the FBI first reported during 2022 were WAY LOWER than the [real statistics](#), because there were over 37,000 more aggravated assaults than they reported, over 33,000 more robberies, over 7,700 more rapes, 4,300 more sex crimes, and nearly 1,700 more murders.

Crime rates have skyrocketed, but the statistics reported don't even come close to the real figures, because the Liberal prosecutors and judges let so many off the hook, plus many of these illegal immigrants are never prosecuted, or they can't even be identified because they have no records in the system.

Toxic medications (venom peptide pills) and mind-altering “vaccines” (mRNA spike prion injections) are adding to the warped mental health chaos across the nation. Then the street drug pandemic is worsening, as the Harris/Biden Regime imports fentanyl at record amounts and enables the Mexican cartels to traffic drugs and humans everywhere.

Tune your apocalypse dial to [Preparedness.news](#) for updates on real news about surviving the (unreported) Democrat-led crime, aggression, lies and propaganda that comes at us every day now.
